SPANISH Language channels in RED

Low Power TV and Translator Stations in BLUE with Reduced Size

NOTES: CP = Construction Permit App = Application + = proposed new facility

Mileage given from TV transmitter for protected coverage service under average conditions at least 50% of the time.

d Notation after "Miles" indicates that the coverage pattern is directional, and overall numbers are approximate.

Actual coverage will depend upon terrain between the transmitter and receive location, as well as any local obstructions.

Distant reception can be enhanced with elevated antenna locations, as well as specialized antennas and preamplifiers.

Compiled by MIKE KOHL at GLOBAL COMMUNICATIONS in Plain, Wisconsin

Please E-Mail any corrections to: globalcm@mhtc.net

We appreciate any information found by local observation of live signals.
